

Product: 3 Loop-black
Style: Bun

1. Brush all of the hair into a low ponytail and take the center of the Loopy Twister and put it into your hair temporarily ignoring the rest of the hair and the other three loops. Then, pull and straighten the loops, so they are evenly distributed around the ponytail and break the hair into three sections.
2. Take the first section of hair in the middle and pull it through the middle loop tightening the band around the hair until it is secure. Take the second section of hair on the right with the right loop and pull the hair through tightening the band around the hair.
3. Take the third section of hair from the left side and secure it into the third loop which is the on the left. Now you have three mini ponytails with all of the hair secured.
4. Lastly, take the last section of hair and pull it out of the tight pony (backwards) until a loop or bow forms. Do that same motion to the middle ponytail and right ponytail until a bun forms. Pull and spread until you get the desired look. Make sure also to smooth any bumps or flyaways.

To Remove:

Pull each small strand of hair straight out until hair is freed. Then pull middle out like you would a regular ponytail and straighten out Loopy Twister for next use.
