

**Product:** 3 Loop-black  
**Style:** Half up half down

1. Take the bang section of hair from both sides and brush into a partial ponytail in the middle of the back of your head and take the center of the Loopy Twister and put it into your hair temporarily ignoring the rest of the hair and the other three loops. Then, pull and straighten the loops, so two are on opposite sides and one is at the bottom.
2. Take the first section of hair on the right twisting it back and pull it through the right loop tightening the band around the hair several times until it is secure leaving a mini-ponytail. Take the second section of hair on the top left twisting it back, tightening the band around the hair a securing another mini-ponytail.
3. Take the last section of hair from underneath and pull it through the band and secure it until another mini-pony forms. Pull and straighten the ponys until they look nice. You may stop here or keep going.
4. Take the ponytail on the right and pull the band around making sure it is secure before backing some of the hair out forming a loop. Pull the loop down so that the hair fans at the top. Repeat on the other side and then repeat from the center. Remember to pull and spread the loops until you get the desired look. Take some wax and wax up the ends to give the frindge some body.

**To Remove:**

Pull each small strand of hair straight out until hair is freed. Then pull middle out like you would a regular ponytail and straighten out Loopy Twister for next use.
