

Product: 3 Loop-black
Style: Casual

1. Brush hair into a ponytail and take the center of the Loopy Twister and put it into your hair, as if it were a regular scrunchie, temporarily ignoring the other three loops. Then, pull and straighten the loops, so they are even and at the top, like on the video.
2. Divide the hair that is through the ponytail into three equal parts. Loop each one of the three segments through the smaller loops. Loop each one twice, so that you now have three mini ponytails.
3. Now take each mini ponytail and pull the tighten band around it. You can leave it long or poof it up depending on how much you pull on the twister.

To Remove:

Pull each small strand of hair straight out until hair is freed. Then pull middle out like you would a regular ponytail and straighten out Loopy Twister for next use.
