

Product: 5 Loop-black scrunchie
Style: Casual, easy

1. Brush hair into a ponytail and take the center of the Loopy Twister and put it into your hair, as if it were a regular ponytail, temporarily ignoring the smaller, 5 loops. Then, pull and straighten the loops, so they are even all around the head, like on the video.
2. Divide the hair that is through the ponytail into five equal parts. Pull each one of the five segments through the smaller loops. Loop each one once, so that you now have five mini ponytails. If for some reason each loop is not even, then you can easily take hair from one loop to another. Once you think that they are all even, go back and tighten each loop one more time
3. Now take each mini ponytail and pull the tighten band around it. Pull and tighten bands for desired look. You can always pull up the top one or two and fan over the rest of the ponytail.
4. You are ready to go!

To Remove:

It is important to pull each small strand of hair out, until hair is freed. Please take your time removing the small five loops of hair before taking the whole twister out, so that you don't tangle up your hair. When all five sections of hair are freed, then pull middle out like you would a regular ponytail and straighten out Loopy Twister for next use.
